Registration fee covers:

*Conference costs*

*Materials*

*Breakfast*

*Snacks*

**Josh Hunt KNOWS Sunday School** and he knows how to cause it to grow. This is evident when you read any of his books but especially in *How To Double Your Class in Two Years or Less*.

His website, joshhunt.com, is filled with helpful tips on how to grow a Sunday School through available video series, leadership lessons, and other tools. These tips are not theory but practical, proven steps any teacher can take to grow a class.

The author of seven books and seven video training sets, Josh offers much to every Sunday School teacher whether experienced or a rookie.

Josh will present his *How To Double Your Class in Two Years or Less* conference at Clements Baptist Church on Saturday, February 23, 2008. This is a training session every adult and general Sunday School leader will benefit from attending.

**Josh's books and videos will be available on the day of the conference.**

Other team members will be present who can share much about Sunday School as well:

**Cindy Thomas**, Director of Preschool Ministries at Grace Baptist Church in Oxford, Alabama, is no stranger to Clements' Spring Training. Cindy is one of the best received Preschool trainers ever at Clements.

**Brian Phelps**, Associate Pastor for Children and Youth at Mt. Vernon, KY is another Spring Training veteran. After last year's Spring Training, most all the Children's leaders said the same thing, "BRING BRIAN BACK!" So we did.

**Matt Adams** is Youth Pastor at First Baptist Church, Alexander City, AL. He is a veteran conference leader for the Alabama Sunday School Department.

**Marci Campbell** helped kick off Clements Special Needs Family Ministry and is returning to bring her many years of practical experience to our Spring Training conferees. Marci is a LifeWay Special Needs Ministry Multiplier and a welcome returning member of our Spring Training team.
